WEB DESIGNER & DEVELOPER — Available weekdays from 3 PM (15–20 hrs/week); weekends flexible.

PROFILE

CS student (AI & ML) who designs and ships real web products — from full-stack apps to responsive multi-page sites. Comfortable across the design-to-code pipeline: Canva, GIMP and Inkscape for visuals; HTML, CSS and JavaScript for build. District-level web design competitor.

TECHNICAL INTERESTS

Currently exploring: Integrating LLM APIs into web workflows.

PROJECTS

OmniShare — Secure Share Portal [Live] [Source]
Flask, Python, HTML, Tailwind, Gunicorn

Built and deployed a full-stack app replacing three paid tools: QR generation, URL shortening with click tracking and 96-hour expiry, and password-protected file sharing — no sign-up required.

LeaveMail — Smart Leave Assistant [Live] [Source]
Flask, Python, JavaScript, Web Speech API

Built and deployed a mobile-first tool for users who struggle with formal email — four templates, six themes, voice input, and full accessibility support (high contrast, large text, reduced motion).

Portfolio Website [Live] [Source]
HTML, CSS, JavaScript, Python

Designed and built a responsive multi-page portfolio from scratch, with a Python static site generator that renders pages from JSON — content lives in one place.

The Exemption [Source]
HTML, CSS, JavaScript, Node.js, Supabase

Interactive data-broker competition concept on digital privacy and tracking, built with serverless backend on Supabase.

SKILLS

Design: Web design · UI design · Responsive layout · Canva · GIMP · Inkscape

Code: HTML · CSS · JavaScript · Python

Frameworks: Flask · Node.js · Tailwind CSS · Supabase · Gunicorn

Other: Git/GitHub · Static site generation

EDUCATION

Integrated MSc, Computer Science (AI & ML) (2026 – 2031 expected)
Bishop Vayalil Memorial Holy Cross College, Palai

CERTIFICATIONS

UI/UX Design Programme — Sapphire IQ
Completed a 2-month certification focused on user research, information architecture, and design thinking.

ACHIEVEMENTS

- **The Exemption: Who Watches Your Data?** — Presented an interactive digital privacy programme at BVM Holy Cross College.
- **District-level web design competition:** Competitor.
- **ASSET:** CS Department Association member (staff & student tech empowerment).
